

Elements of a Safety & Health Management System

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and worker's compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with MIOSHA

2 Why you need this Workshop . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high direct costs of work-related injuries, which grew to \$42.5 billion nationally in 2000, and indirect costs, which were estimated at an additional \$127 - \$212 billion in 2002. (2003 Liberty Mutual Safety Index.)
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces worker's compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

This workshop is designed for all employees. This overview focuses on the key elements of a safety and health management system necessary for an effective comprehensive system. Management commitment, employee involvement, workplace analysis, hazard recognition and control and employee training are covered. Emphasis is on the recognition that all employees have a role in safety and health efforts. Attendees are given a better understanding of their involvement in a corporate culture that promotes a safe and healthful environment.

Agenda

We offer a flexible program agenda to emphasize the topics you want most.

- ▶ Management, Leadership & Commitment
- ▶ Employee Involvement
- ▶ Safety & Health Training
- ▶ Worksite Analysis
- ▶ Hazard Prevention and Control

Facilitator

Debra Gundry has been with the State of Michigan since 1979. She is a graduate of Michigan State University and joined the Consultation Education and Training Division as a MIOSHA consultant in 1992. Debra provides services for the Lansing area including Shiawassee, Clinton, Ionia, Ingham, and Eaton counties.

Debra's duties include consultative services to establish a company or organization's safety program; and planning and conducting training programs for management, trainers, supervisors, and employees regarding the Michigan Occupational Safety and Health standards. She serves on several CET committees.

Debra Gundry
*Occupational Safety Consultant,
MIOSHA, CET Division*
